announces the

## 2<sup>nd</sup> Annual Meeting of the Network on Counterfactual Impact Evaluation (NetCIEx) Tuesday November 23, 2021

Venue: online – Webex link [here](#)

### Objective

The annual NetCIEX meeting is the occasion to share progress in current research activities with Counterfactual Impact Evaluation techniques.

### Specific theme

The specific theme of the 2021 annual meeting is "Modalities of access to microdata in EU institutions and opportunities of cooperation".

### Where and when

Because of travel restrictions related to COVID-19, the meeting will take place online.

**Tuesday November 23, 2021**, h: **10-12** and h: **14-16**.

### Expected outcomes

The expected outcomes of the meeting are:

- improved information about research in the network;
- identification of possible future collaborations in the network;
- possible enlargement of participating institutions.

### Agenda

10.00-10.15 Welcome address (Paolo Paruolo, CC-ME)

10.15-11.15 Roundtable on the theme:
