

# The European Commission's Knowledge Centre for Global Food and Nutrition Security

Advancing knowledge towards zero hunger and sustainable food systems

## WHY

About **135 million people**  
in **55 countries**  
face food and nutrition crises

**Food systems** must  
become more **sustainable**  
and **resilient**

**149 million**  
**children under 5**  
suffer from restricted  
physical development due  
to chronic malnutrition

## WHAT

The Knowledge Centre supports  
the EU's commitment towards  
food and nutrition security, and  
sustainable food systems.

It facilitates collaborative work  
on cross-sectorial policy areas

It is a one-stop source of  
information and knowledge

It supports  
evidence-based  
policies

## HOW

We gather, organise  
and make accessible  
the most relevant data,  
information and tools

We analyse and synthesise  
available knowledge

We promote networking  
between experts  
and policymakers

## WHO

 **EU Services**

**United Nations  
agencies  
& international  
partners**
