NetCIEx: research institutions with interest in CIE

- **Multilateral CA started in July 2018**
- **Collaboration with university and other research institutions with an interest in CIE (Counterfactual Impact Evaluation)**
- **No money involved**
- **JRC can host Master students as atypical trainees and PhD students as visiting scientists**
- **Pros: you file the CA with the first partner; the next one just agree on the same terms and signs an accession letter**
- **Lighter workflow to approve new actions with a partner**
